

Vaughn Sells Accepts Position as Vice President of Commercial Sales at Fairfax Imaging, Inc.

TAMPA, FL, DECEMBER 01, 2009 – Fairfax Imaging, Inc. a leading provider of innovative capture and recognition solutions announces that Mr. Vaughn P. Sells joins Fairfax Imaging as VP of Commercial Sales. Mr. Sells will be responsible for advising Fairfax customers on transaction business processes.

Prior to joining the Fairfax Imaging team, Mr. Sells held previous sales and management positions at a number of well known system solution and software leaders including BancTec, Scan-Optics, EMC Software, Emdeon and IKON.

“Adding Vaughn, to our consultative sales organization highlights the commitment Fairfax Imaging has to quality of service and future growth,” noted Michael Minter, Vice President of Sales and Marketing, Fairfax Imaging.

Mr. Sells is a TAWPI Certified Information Capture Professional with proven knowledge of lockbox, item processing and medical claims processing operations. He has spent the past several years consulting for industry leaders to improve their document and image processing operations. These efforts were designed to drive down costs, improve production throughput and increase customer satisfaction.

Mr. Sells holds a Bachelor of Science degree in Accounting from Valparaiso University.

A senior Sales executive who brings to the company over 25 years of experience in the document and transaction processing industry, Mr. Sells will bring a seasoned and energetic approach to the Sales and Marketing Group, further strengthening the Fairfax Imaging team.

About Fairfax Imaging, Inc.
